"Ranthambore # The Tiger Trail #"

"Ranthambore National Park is majorly famous for its Tigers, and is one of the best locations in India to see the majestic predators in its natural habitat.

The tigers can easily be spotted even during the day time, busy in hunting and taking proper care of their youngones.

Ranthambore is also counted as the famous heritage site because of the pictorial ruins that dot the wildlife park. Certainly, a visit to Ranthambore National Park is a treat for every wildlife and nature lover. The time spent on watching tigers roaming around, verdant greenery, a gamut of other species of chirpy birds and animals is priceless and worthy enough to be explored at least once in a lifetime."
