NURSERY SUMMER ASSIGNMENT

Dear Parents,

Greetings!!

It's time to put on those sunglasses and welcome the sunny days of summer! Our tiny tots have worked hard and now deserve a season full of giggles, play, and fun.

Let your child:

Splash in safe water play,

Create magic with colors and crayons,

Listen to bedtime tales under the stars,

And dance like no one's watching!

This break is a wonderful chance to build beautiful memories and spark curiosity. Encourage them to explore, imagine, and enjoy the little wonders around them.

We are sharing some worksheets for our little ones kindly take a print of it and help your ward to practice the same.

Wishing you a cool, creative, and joyful summer holiday!

With warmth and smiles,

Pre Primary wing!!

Dear Parents,

Let's make this summer fun, creative, and full of smiles for our little ones!

Activity: "Creative Fun with Paper Mâché"

Help your child create anything they like using paper mâché — it could be any simple drawing, like an apple, or any picture of their choice

What to do:

- How to make paper mâché: Tear old newspapers into small pieces, soak them in water, then mix with glue or flour paste to form a soft pulp
- Use paper mâché (paper pulp) to create any item
- Let your child paint and decorate it using colors, stickers, glitter, leaves, etc.
- Encourage your child to explore and be creative freely

Special Note for Parents:

Please click pictures of your child while doing the activity and make a collage of these moments

Why this activity?

It helps develop creativity, fine motor skills, and self-expression

Submission:

Please send the final creation along with the collage after the holidays

We're excited to see our little artists' amazing creations!
